PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

RECENT OPERATIONS

By Paul Rardin

I returned Sunday night from a trip to Cincinnati, Ohio, where I attended the annual convention of the National Association of County Commissioners. There were more than 600 commissioners in attendance and outstanding Americans were speakers during the three day session. I had the pleasure of hearing U. S. Senator Abe Murdock of Utah; former governor, John W. Bricker of Ohio and the inimitable mayor of the host city, Cincinnati—Hon. James Garfield Stewart.

Last spring at the annual meeting of the state association I was elected a delegate from the eighth commissioners' district and since that time I had looked forward to the national meeting with a great deal of enthusiasm. I enjoyed the round table discussions very much and it was in these sessions that I found out how things are done in other parts of the United States. The officials out of Washington, who attended the sessions and talked informally, brought interesting advice to the commissioners.

GI College Plans To Be Aired On July 15

A meeting scheduled to be held on July 15 at the Belle Glade Auditorium for all GIs interested in enrolling in the Glades Agricultural Training center, has been arranged to answer any questions regarding the school that might come up.

On-the-job training or a full-time course of study at a regular school or college, with subsistence, is provided GIs for a period of one year plus the time actually spent in the service, provided that service is 90 days or more.

A county committee has already been formed for the purpose of directing the school and a co-ordinator is to be selected.

The faculty for the school is to be selected from the available material in the 'Glades, and one of the best trained scientists and professional men in the state will be used on a part time basis for the school.

According to the committee, veterans interested in enrolling in the school, should apply for a "certificate of eligibility" and also make application for entrance to the school so that proper assignment to the courses designed can be arranged.

Applications for entrance are being printed and will be available at the meeting in July, and at all offices dealing with veterans.

UNDERGOES OPERATION

Ralph Grimes, who with Mrs. Grimes their daughter, Rebecca, and Mrs. Grimes' mother, Mrs. C. A. Shive were enroute to Virginia, was stricken with an attack of acute appendicitis and underwent an operation at a hospital in Raleigh, N. C. on Monday. He is reported to be getting along nicely. After his recovery they plan to continue on to Virginia where they will spend several weeks vacation.

Furniture Store Has New Owner

The Giddens Furniture Store in Pahokee is under new management and H. C. Collins of Wauchula is the new owner-manager. Mr. Collins has been associated with the Badcock Furniture company in Wauchula for more than two years and comes to Pahokee highly recommended as a furniture man. The Giddens store was moved from Canal Point to Pahokee more than two years ago.

Mr. Collins said this week that his plans call for stocking the store with more and better furniture and that an intensive drive will be made for new customers. Mr. Collins purchased Mr. Giddens' stock of merchandise.

Wildlife Group Is Organized

Wildlife enthusiasts met at the Pahokee City Hall last Friday night and organized a unit of the Wildlife League with Harold Rosenberg being named temporary chairman. DeWitt Upthegrove gave a talk on the aims and objects of conservation clubs. Henry J. Wimer, of the Belle Glade club, was also present.

E. C. Wimer, assistant to the president of the Florida Wildlife Federation, told of state aims in wildlife work. Earl Ricou, chief conservation officer, gave a general talk on the workings of the department. He pointed out that money is needed for the efficient enforcement of the department's aims and objects.

The next meeting is scheduled for the night of July 5 in the Pahokee City Hall. All folks interested in wildlife are urged and cordially invited to attend since election of permanent officers will be held if there is big enough crowd present.

Legion Makes Plans For Year's Work

The Fred and Percy Mansfield American Legion Post No. 90 will conduct a meeting at the City Hall Monday at 8:30 p. m. On Friday evening at 8:30, prior to the Monday meeting an executive committee meeting will be held to name standing committees and plan the work for the ensuing year. Edward A. Jensen, newly installed post commander, will preside at both meetings.

Welfare Job Open In Glades Area

If you've had a couple of years in college and want a job with the State Welfare department, we suggest that you get in touch with Mrs. Harrison in West Palm Beach at Phone 3681. The job pays \$135 a month to start and increase in pay is made as you familiarize yourself with the work. Mrs. Harrison says that pay runs as high as \$165 for a "visitor." The West Palm Beach office is located in Howard Park just off Lake Avenue. At present there is no "visitor" in the Lake Okechobee Region. If you think you can handle the job—make the call today.

Pahokee Council To Instigate New Utilities Tax

The Pahokee city council Tuesday night decided to instigate a utilities tax in order to raise money to carry out the progressive plans already made by the new body. The city attorney was authorized to draw up the necessary ordinance setting up the tax and it will be brought before the council for adoption at the next meeting. Figures are not available today but it is estimated that the tax will bring in enough money to carry out the improvement program planned by the council.

A 50-foot city lot was donated to the Fred and Percy Mansfield American Legion Post on which to erect a Legion Home, with a stipulation that the building would be erected within five years and that if at any time the property ceased to be used for Legion activities it would revert to the City. The lot is located on Bacom Point Road adjoining the property used for Boy Scout activities. The American Legion post plans to expand the property by purchasing state land at the rear of the lot.

City Attorney Thad Whidden was authorized to draw up a resolution protesting the low ceiling price placed on the manufacture of cement blocks by OPA rulings and to send it to OPA officials. The low ceiling price has created a bottle neck in the erection of 48 homes for veterans in the city. If no action is taken by the OPA in the matter the town proposes to take over the operation of the local plant and turn out blocks for the veterans homes in defiance of the OPA ruling.

Jack Phillips, a representative of the veterans, was authorized to secure costs of hauling and spreading rock on the streets being graded in the Verville subdivision and was assured that funds for the project were available, the City having set aside funds up to \$2,000 for the work.

Mayor T. C. Richardson submitted three recommendations to the council. They were: extension of the city fire zone to include territory two blocks south and west of the Pahokee-Belle Glade Road and also lots along the Barfield Highway taking in the Verville Subdivision; that the city police salary be placed at \$225 per month and that funds be set aside in the budget, which will be set up next week for same; and a utility tax to increase the revenue for the city. The extension of the fire zone was accepted by the council but the other two recommendations will be held over for further study.

A contract to draw up complete plans for the expansion of the city water works system with Smith and Gillespie, waterworks engineers of Jacksonville, was accepted and signed by members of the council.

F. M. Shaughnessy, waterworks commissioner, asked that the city speed limit be raised from 20 miles per hour to 25 miles but that in the school and hospital zones it remain the same.

Postwar demand for peanuts in candy, in salted form and as peanut butter has exceeded all expectations.

South Bay Gets New Phone Service

Material necessary for installation of telephone service which has been on order for over a year, was recently received in South Bay. This means that local residents who have waited patiently for telephone service now may be assured that such service will soon become effective.

A crew of seven men is now working on the cable, being laid underground through the town site to the central office. It is estimated the work will be completed in 30 days.

Many South Bay patrons have already signed up for a phone, and it is understood that an automatic switchboard will be installed to handle local calls.

Veterans To Set Restrictions On 48 New Buildings

An advisory committee, composed of ten veterans who have purchased lots in the veterans' subdivision, met at the City Hall Monday evening and set up building restrictions for the subdivision which will include 48 homes for World War II veterans. Members of this committee volunteered to act in this capacity to take care of urgent matters pertaining to the development of the new addition.

At the meeting Monday it was reported that 10 complete sets of blueprints and specifications have been delivered to veterans and that more were expected this week. The plat for the subdivision has been approved, filed and recorded at the court house and abstracts will be brought up to date and deeds issued within a few weeks, it was announced. Streets in the new addition have been graded and hauling of rock with which to rock them will start soon.

The advisory committee is composed of Melvin Pugh, I. J. Frasure, Jr., Jack Phillips, J. W. Guthrie, George Ferguson, J. E. Wilson, Monroe Pope, Kenny Mock, Chaplain E. A. Lively and Bishop Starling.

County School Board Now Has Five Members

Gov. Caldwell has appointed two members to the Palm Beach county board of public instruction to represent newly formed school districts in the county.

They are George A. Taylor of Belle Glade, who will represent district four and Ralph H. Kettler of West Palm Beach, district five representative.

Both men were nominated in the May primary and will take their elected seats on the board in January. The temporary appointments will expire when their January terms start. Carmen Salvatore of Pahokee; Jack Engram of Lake Worth and George Slaton of West Palm Beach are other members of the board. In January Mr. Engram will be succeeded by Mrs. Lauren Hand of Delray Beach who defeated him in the May primary.

DeMoya Names His Aids To Start New Year For Rotary

P. P. DeMoya, who took over the reins of Rotary for the coming year at yesterday's meeting of the Pahokee club, named his committeemen who will assist him during his tenure of office as president. Mr. DeMoya succeeds Otto R. Bleech who served during the past year.

Officers and directors of the club are: Mr. DeMoya, president and Orin Bacon, secretary and treasurer. Otto R. Bleech, Carl Moberg, Jack Phillips, Abe Dobrow and one member to be named make up the board of directors.

Committeemen are as follows: CLUB SERVICE: Dennis Caudill, Chairman, Carl Moberg, E. J. Carlton, Tom Gartland; Classification and Membership: Will Jernigan, Chairman, Otto Bleech, John Rogers; Ladies' Night: Abe Dobrow; Program: V. C. Denton, Chairman, Otto Coleman, John Pickett, Homer Clause; Editor Mirror: Orin Bacon; Rotary Information: Will Jernigan; Sergeant-At-Arms: Dow Geiger; Fellowship-Attendance: Paul Rardin, Chairman, Ed Cushman, "Shanghai" Shaughnessy; Song Leaders: Elmer Jones, Homer Clause; Pianist: Carl Moberg.

COMMUNITY SERVICE: Dick Richardson, Chairman, John Dudley, B. Elliott, Don Hillier, Joe Kahn; Boys' Work: Jack Phillips, Chairman, Jack Spencer, Harold Rosenberg; School Athletics: V. C. Denton, "Ham" Hamilton, Tom Kirk; Inter-Club And Inter-City: Thurmond Knight, Tom Gartland; Dental-Tonsil Clinic: Abe Dobrow; Underprivileged And Crippled Children: W. C. Young; Rural Urban: L. L. Stuckey; Youth Service: Carl Moberg, D. D. Caudill; Student Loan Fund: Gene McIlwain; Community Library: B. Elliott.

VOCATIONAL SERVICE: Claude Shirley, Chairman, Vic Geiger, Olaf Boe, Tommy Burns.

INTERNATIONAL SERVICE: Abe Dobrow, Chairman, Sam Chastain, E. L. Pope.

All Fishing Licenses Expire On June 30

Fishing licenses are now valid from July 1 of one year to June 30 of the next, due to an act of the Legislature in 1945. Previously the license was good from the day it was bought until the same day in the following year. There has been some question as to the change and the answer to that question lies in the fact that few people ever bother to read the writing on the license and not the expiration date. Many persons have made the mistake of fishing after their license expired—Not maliciously, but carelessly.

Hence, by making all licenses expire on the same date—June 30—it will be a constant reminder not to forget to renew that license for next year.

Mr. and Mrs. L. L. Shirley and son Jimmy Shirley spent the week end as the house guests of Mr. and Mrs. James Boyd of Ft. Myers Beach.

Old American Race

A new chapter has been revealed in American history. An archaeological expedition sponsored by the Viking Fund of New York and the Carnegie Institution of Washington, and headed by Dr. Helmut de Terra, reports the discovery of an unknown prehistoric people in Central America. These are at least 10,000 years older than the Mayas whose remarkable ruins are known to travelers in Mexico and Central America. Some of the tools used by this unknown race go back to the end of the ice age 15,000 years ago.

Though it is not known who these people were, at least it appears that they came from Asia across Bering strait, making their way down the east slope of the Rocky Mountains to Central America. And whatever else they did, they probably witnessed, about 3,000 B. C., the greatest volcanic eruption known. It spread over 100,000 square miles of the North American continent, leaving a layer of ashes in Guatemala that was 400 feet thick. The destruction of the atomic bomb would be mere child's play by comparison.

Now that the existence of this race is known, more details will probably be unearthed. The records, like those relating to the later Mayas, deserve study in American schools fully as much as the lost civilizations of Babylonia and Egypt. —Sanford Herald.

Grading Teachers

The public school system exists for the children of this county. The public school system cannot function with needed efficiency and discharge its obligation to our children if there is any marked lowering of morale among teachers.

For some time many teachers have been very indignant at the new system of teacher rating which was instituted, without much advance warning or explanation, by the county school superintendent. This rating process graded teachers according to their supposed ability and was conducted along lines which were considered by the aggrieved teachers as both "unfair and unscientific." It is worth noting that no negro teacher in all of Pinellas was rated excellent.

The teachers who honestly feel that they were not fairly rated have not only voiced their protest in public but have retained the legal services of our capable state senator.

The Independent does not feel qualified to state whether the rating process was conducted along scientific lines or not since we do not pose as experts in the field of education. But it does feel strongly that genuine feelings of grievance among the ranks of Pinellas teachers will penalize the innocent bystanders — the pupils. We therefore urge the county board to reconsider a step which, although no doubt undertaken with good motives, has had an unfortunate result. — St. Petersburg Independent.

Fishing Laws Outlined Here

If you enjoy fishing you will be interested in reading the following rules and regulations as enforced by the Florida Game and Fresh Water Fish Commission. The following rules are direct from the commission and you can rely on their authenticity.

Closed Season on Black Bass—March and April over the entire State.

Closed Season Other Species of Fresh Water Fish—Bay, Calhoun, Franklin, Gulf, Jackson, Liberty and Washington Counties closed to the taking of fresh water fish during the months of April and May.

Legal Method of Taking Fresh Water Fish—Pole and Line, Rod and Reel, Bob, Spinner, Troll, Trot line baited with cut bait. Use of trot line prohibited in waters of Lake Weir and Little Lake Weir in Marion County, in Lake Spring, Lake Mirror, Lake Hartridge, Lake Cannon, Lake Howard, Lake May, Lake Shipp, Lake Otis, Lake Elbert, Lake Martha, Lake Silver and Lake Maude, located within and adjoining the City Limits of the City of Winter Haven, Polk County, Florida.

Legal Minimum Length—Bass, 12 inches. No legal length on other species of fresh water fish.

Day's Bag Limit To the Person—Black bass 8; Speckled Perch 20; Jack 15; Pike 20; Bream 20; Shell Cracker 20; Warmouth Perch 20; Stump Knocker 20; Red Breast 20; Other Species of Bream 20; Mixed Strain 25.

To the Boat—For one person, same as To the Person above; for more than one person, double the number allowed for one person.

regardless of the number of persons fishing from any one boat.

Possession—One day's bag limit. Bait—Use of goldfish, carp and minnows of bass, bream, crappie, trout, jack, pike, perch, for bait prohibited.

Method of Taking Bait—Cast nets not to exceed 7 feet long or 14 feet spread, minnow dip-nets not over 4 feet in diameter, minnow seines not over 20 feet long or more than 4 feet deep, may be used to take minnow or shrimp bait. Any minnow, the use of which is prohibited, or any fish other than garfish, black or mud fish, if taken in these nets shall be returned immediately and alive to waters from which they were taken. Those taking them are requested to dip hand in water before handling fish to prevent injury. Permit required for cast net.

Sale and Shipment—Offer to sell, barter, or purchase, offer to purchase or exchange for merchandise, or transport black bass out of State or within the State, or receipt of black bass by common carrier for shipment or for transportation, except as personal baggage, one day's bag limit permitted holder of valid fishing license, prohibited. Further, it is unlawful to sell, offer for sale, barter or exchange in Gadsden and Leon Counties any fish taken from the fresh waters of the counties; unlawful to sell, offer for sale, barter, exchange for merchandise, transport for sale, any fresh water fish other than catfish, taken from the fresh waters of Calhoun County; unlawful to sell, offer for sale,

barter or exchange any fish other than catfish native to the fresh waters of Gulf, Liberty and Wakulla Counties.

After October 1, 1946, it shall be unlawful to sell, offer for sale, barter, purchase, offer to purchase, exchange for merchandise or transport, transport for sale, or transport out of the State of Florida, any fresh water fish, except catfish, garfish, mudfish or black fish. Holders of valid fishing licenses permitted to transport as personal baggage one day's bag limit of fresh water fish. No common carrier shall knowingly transport or receive for transportation within the State of Florida any fresh water fish except catfish, garfish, mudfish or black fish.

Unlawful—to use net, basket, trap, gill or dynamite or any deleterious material in streams and lakes of Florida.

Possession of seines, nets, traps, wire baskets or set devices, except trot lines for taking catfish, prohibited on the shores or on the waters of Highlands County.

Possession or Transportation of nets, baskets, traps, gill nets, cast

nets, seines or similar devices prohibited in Polk County.

Possession nets, traps, baskets prohibited except within the boundaries of one's own homestead in Seminole County.

Possession of nets, baskets, traps, gill nets, seines, or similar devices prohibited within the boundaries

of Alachua County except upon permits issued by Game and Fresh Water Fish Commission.

Joe Hatton, Jr., is attending summer school in West Palm Beach. While there he is making his home with his grandmother, Mrs. Sarah Hatton.

FREE! COMPLETE 60-PAGE TRACTOR GUIDE

Tractor Owners!

This book will save you repair bills... help you get more work out of your tractor at less cost!

Gulf's Farm Tractor Guide is a complete handbook on tractor operation.

It's just what you need to help you make your tractor last longer, get more out of the fuel you buy for it.

And it's absolutely **FREE**. No obligation.

60 pages of helpful, practical tractor information

This book tells you the best way to care for the air cleaner, cooling system, ignition, valves, power transmission, vital engine parts, steering assembly, tires, battery, all parts of your tractor.

There's a 2-page, illustrated, trouble-shooting guide that helps you spot the trouble quickly when your tractor won't start, or doesn't run properly.

It has complete, large-scale lubrication diagrams, detailed lubrication charts.

You should have a copy of Gulf's Farm Tractor Guide if your tractor is one of these makes:

Allis-Chalmers	Huber
Baker	International
Case	John Deere
Caterpillar	Massey-Harris
Cletrac	McCormick-Deering
Co-op	Minneapolis-Moline
Eagle	Oliver-Hart-Parr
Ford	Silver King
Graham-Bradley	Wallis

TRACTOR OWNERS! Write for your **FREE** copy of Gulf's 60-page, illustrated Farm Tractor Guide or call for it at the address below.

Cinematic Chatter

By Malcolm Millar

I can certainly recommend the Sunday-Monday offering "Getting Gertie's Garter", as I had the pleasure of playing the role of Garry on the stage back in 1927, and always enjoyed each performance. Back in those days we called this place just a "trifle 'risque'" and those who came to see the show agreed "it was just a little daring."

When it makes its appearance on the Prince screen it will be headed by witty Dennis O'Keefe and Marie, ("The Body") McDonald, with Barry Sullivan, Binnie Barnes, J. Carrol Naish, Sheila Ryan and Jerome Cowan pitching a great game in the unreeling of this hilarious show.

There's a double featured show on for Tuesday-Wednesday. First up is "House of Dracula", which brings some of the best horror artists in Hollywood to the screen. Lon Chaney, John Carradine, Lionel Atwill.

Second picture on this program is a re-issue of one of the best shows that Jimmy Cagney ever played... "City for Conquest." His leading lady is Ann Sheridan and they have surrounded this clever pair with the best obtainable cast of featured players. The story is very dramatic with many thrilling moments throughout its

unreeling and a smash ending that will leave you breathless. You Must see it.

Saturday, on a double featured program comes a very enjoyable comedy with an all star cast of players, under the title "Blessed Events." You'll get a lot out of this show.

Second picture up is a re-issue of Gene Autry's, "Melody Trail," which was one of the better grade Westerns when it was first screened and still carries a punch that you'll remember for some time.

Sorry to learn, this week one of Hollywood's best Western stars of the 1920's, William S. Hart, passed on at the age of 81. Never did a cowboy enjoy such popularity as Mr. Hart in those days.

See you at the movies—Mal.

Sure-Enough Dope Repels Mosquitoes

If you were a soldier or a sailor in the South Pacific theatre, you probably used the amazingly effective G. I. mosquito and chigger repellents. More than 300,000,000 two-ounce bottles were used.

Buzzers and biters kept their distance after one whiff. To you, the stuff was odorless and nearly colorless, a far cry from smelly, sticky citronella, and a lot more effective.

Better yet, it was easy to use. You simply poured about a dozen drops into one hand, then applied

it in a thin, uniform layer to all exposed skin, and to the neckband and cuffs of your clothing. You were protected for three to eight hours.

Now available to civilians. Drug and department stores are selling three repellents: 6-12, indalone, and dimethyl phthalate (DMP).

So this summer anyone can live outdoors in comfort. Picnics can be free of dive-bombing mosquitoes and pesky, pin-point chiggers. Evenings in your garden can be bugless. Fishing, golf, or lazy hours at a beach need no longer be a slapping battle. Tiny, black flies that nip untreated ankles hasten elsewhere. So do fleas and gnats.

All three repellents are only slightly soluble in water, tho readily removed from skin or clothing by soapy water. They remain effective despite perspiration or rain. The film is not sticky, stiff, or uncomfortable.

No insect repellent should be applied close to your eyes or mouth, but except for these two areas, the new bug chasers can be used without fear of skin irritation, welcome news to those whose skin "burns" when citronella is applied.

Unlike indalone or DMP, 6-12 does not dissolve fingernail polish, nylon or rayon stockings, or rayon-acetate fabrics used in swim suits and casual clothes.

Each of the three new products has specific advantages. Tests show 6-12, particularly effective

against mosquitoes, indalone against biting flies, and DMP against chiggers.

Carr - Kimball

The wedding of Miss Zona Gale Kimball, daughter of Mr. and Mrs. L. H. Kimball of Bryant and Jack Raymond Carr, son of Mr. and Mrs. O. K. Carr of Pahokee will take place at the Canal Point Baptist Church Sunday at 4 p. m. Miss Kimball will be attended by Miss Betty Jean Woodyard, maid of

honor and Glenn Carr will be his brother's best man.

Miss Dorothy Chastain, pianist, will play pre-nuptial music and Mr. and Mrs. Kimball will be hosts at a reception in the social hall of the church following the ceremony. No invitations will be issued but friends of the couple are invited to attend.

Mr. and Mrs. Lewis Fraser visited their daughter, Miss Yvonne Fraser who is attending camp at Montverde, Fla., over the week end.

FLORIDA POWER & LIGHT COMPANY

NEW CELERY HARVESTER

This harvester cuts celery off at top and bottom at the same moment, leaving stalks exactly 15½ inches long to fit perfectly into wirebound (Howard) crates.

There are two sets of revolving, selfsharpening discs in each cutting unit. Each unit will cut 3 miles of celery per hour. The new improved cutter, with 4 cutting units, would therefore cut 12 miles of celery (rows) per hour. The machine in the picture has one cutting unit—yet it got so far ahead of harvesting crews, in tests, that the colored workers looked very, very sad—their faces actually "fell" watching the celery go down, the machine get farther away.

Willard Silva, the inventor, is a celery grower-shipper, of Sarasota. He is president of Mucklands Celery Packers Association. He figures a "hay loader" type of machine, to follow the harvester, will make field crates unnecessary, and is now working on this loader—the harvester having been perfected, so he states. Growers in the Glades will be much interested.

Methodists' Plan Vacation School

At a meeting of the Methodist Board of Christian Education at the church Sunday afternoon plans were made for a Church Vacation school to be conducted at the church beginning July 8th and continuing through 22nd.

A comradeship team of young people who are conducting similar schools all over the state will arrive on Saturday preceding the opening of the school on Monday to assist with the work. The team includes: Miss Dorothy Rawley, counselor; Miss Fay Tuten who will provide recreation activities for the primary and beginner's department; Miss Nell Howes, who will conduct the worship period

for the junior department and Miss Miriam Haynes, worship for the intermediates.

The Rev. C. T. Howes will be general superintendent for the school and will name superintendents for the various departments from the membership of the church.

Personal Items

Mr. and Mrs. Warren R. Gibson of Key West are expected to arrive in Pahokee Sunday where they will be the guests of Mrs. Gibson's parents, the Rev. and Mrs. C. T. Howes.

O. D. Carpenter and his son Milton and a party of friends including Miss Eleanor Humphries, Miss Flora Mary Weeks and Mrs. H. J. Anderson went deep sea fishing Monday off of Palm Beach. Milton, who experienced his first deep sea fishing trip, landed a 7 foot and five inch sail, which he entered in the Palm Beach sail fish contest.

Marion Hutton, formerly of Tampa, has taken a position with the Christian Chevrolet company in Pahokee as body and paint man. He has had many years experience and the Christian company is anxious that many of its patrons try out Mr. Hutton's ability.

Mr. and Mrs. Walter G. Hull were hosts at a party for the Wilkinson-Hull wedding party at their home in Pahokee Saturday evening following the rehearsal. An attractive arrangement of roses and fern was used throughout the spacious living room and lighted

tapers flanked the artistic table arrangement. Guests, in addition to the wedding party, were Miss Elaine Baker, and Pfc. Richard Kirk of Boca Raton.

Mr. and Mrs. Ralph Stanley and son Eddie will spend the week end with Mrs. Stanley's mother, Mrs. Ella Crippen of Dania who recently returned from Scotia, N. Y. where she visited her daughter, Mrs. R. K. Strong and family. She

was accompanied on her return by Mrs. Strong who will visit in Pahokee and Dania. A family reunion will be conducted on Sunday in Dania and Mr. and Mrs. Joe Hatton and children of Pahokee will also be present.

Mr. and Mrs. Graham Mole of Belle Glade have bought the Waring residence on Main Street in Pahokee and are making their home there.

Pub: June 28, July 5, 12, 19, 1946

Wilkinson - Hull

Miss Hilda La Forest Hull, daughter of Mr. and Mrs. Walter G. Hull of Pahokee, became the bride of Charles Durand Wilkinson, son of Mr. and Mrs. James Harry Wilkinson, sr., also of Pahokee at the home of the bride's parents at 5 p. m. Sunday.

The couple repeated the vows of the double ring ceremony after the Rev. Carl A. Moberg, pastor of the Pahokee Baptist Church, while Mrs. Moberg, soloist, sang "Al-ways," a favorite song of the bride and groom. The bridal arch was banked with white gladioli, carnations and fern, arranged against a background of palms and illuminated by lighted tapers in candelabra.

Other nuptial selections by Mrs. Moberg were "Because," and "I Love You Truly." She was accompanied by her daughter, Miss Peggy Ann Moberg, who also played the traditional wedding marches.

The bride, given in marriage by her father, wore a gown fashioned with fitted white gladioli, bodice, sweetheart neckline, tight sleeves pointed at the wrist, and a full marquisette skirt extending into a train. Venice lace formed the crown of her shoulder length

English illusion veil and she carried a bouquet of white gardenias showered with stephanotis and white satin ribbons and centered with orchids. Her only ornament was a strand of pearls, a gift of the bridegroom.

Miss Clark Hull, sister of the bride, was maid of honor. She wore a gown of pastel yellow marquisette fashioned with fitted bodice, gathered yoke, short puff sleeves and full skirt and carried a bouquet of blue petal-tinted carnations.

Bridesmaids Miss Walta Nell Hull, also a sister of the bride and Miss Virginia Young of St. Augustine, wore identical embroidered marquisette gowns of sky blue fashioned along the same lines and carried yellow carnations.

Ellis Wilkinson was his brother's best man and David Unwin and Paul Tillery were the ushers.

The bride's mother wore a dusty rose crepe gown with white accessories and a corsage of orchids. Mrs. Wilkinson's dress was aqua and she wore white accessories and an orchid corsage.

Following the ceremony Mr. and Mrs. Hull were hosts at a reception. Miss Hazel Todd was in charge of the bride's book and Mrs. Jack Phillips and Mrs. Simmons Wilkinson were at the punch table. Mrs. W. R. Wilson and Mrs. W. E. Barnes, sisters of the bride, served the three-tiered wedding cake which was topped with a miniature bride and groom.

Mrs. Wilkinson is a graduate of the Pahokee High School and attended Southern College at Lake-lake where she was a member of the Zeta Zeta Zeta sorority. Mr. Wilkinson, also a graduate of the Pahokee High School, entered the U. S. Army Air Corps where he served for two years.

After a short wedding trip to Silver Springs they will be at home in Pahokee. Mrs. Wilkinson chose for traveling a natural Palm Beach suit with matching straw hat and moss green lizard shoes and bag. She wore a corsage of orchids.

A New Booklet On DDT Facts and Fiction

has just been published from the pen of C. F. Ladeberg, manager of the Insecticide Division of the Kilgore Seed Company, which indeed is a most timely and informational treatise which should be in the hands of every progressive farmer.

To the end that this is possible Kilgore has supplied the stores at Belle Glade and Pahokee with a limited number of these booklets, which are free upon application. They are booklets that should be preserved for the farmer's library, as it will be a work often sought for, the latest and best information on DDT and its companion insecticides, for it contains the formula and manner of use of all the combinations possible of this important new WONDER insecticide, along with its chemical history and adapted uses.

NAZARENE BIBLE SCHOOL SUCCESSFUL

The Daily Vacation Bible School at the Church of the Nazarene in Pahokee is progressing splendidly. The first day enrollment surpassed expectations and the enrollment on the second day reached 90 pupils. Enthusiasm is high among the children and the workers. The classroom handwork shows exceptional interest. The pictorial lessons given by Mrs. Luther Shaw are meeting responsive approval by the children. Luther Shaw is conducting the instruction in Gospel music each evening. The services begin at 8:30 p. m. Musical direction will be a feature of the school. Quartets or special singers will be given individual training. Sunday School begins at 9:45. A record attendance is sought this Sunday morning. In the preaching service, Rev. Luther Shaw of Bethany, Okla., will bring the message. Mrs. C. R. Moore will sing at the morning service. A combined service for young people and juniors will begin at 7:45 Sunday evening. The evening message will be given by Rev. Shaw. There will be special singing and a Feltograph message at the evening service. In the picture above Rev. and Mrs. Shaw are shown giving one of their famous illustrated talks.

participation by Floridians themselves," Bitting said.

Bitting was in Miami to confer with Dr. E. F. Eshe, president of Miami University which awarded him an honorary doctor of laws degree in 1941 for his work in the Everglades. Outstanding research work which the University is doing in hydroponics, and with tropical fruits and vegetables will react to the benefit of the state, he said.

Bitting is president of Bitting, Inc., which is his own management organization having headquarters in New York. He will return there after spending several weeks in Florida.

New Director For Crippled Children

TAMPA — Byron A. Harrison, for 13 years supervisor of the state vocational rehabilitation service in Miami, announced late last week that he had resigned his position in Miami to accept appointment in Tampa as state executive director of the Florida Association for Crippled Children and Adults.

Harrison assumed his new duties in Tampa June 1, succeeding Mrs. Louise Trigg, executive secretary of the association, who resigned her position to join her husband in Havana.

Many members of the state organization are planning to attend the institute for state affiliated groups being sponsored by the National Association for Crippled Children and Adults in Chicago the week of June 17, Harrison said.

Among those who will attend are Mrs. L. S. Mitchell of Tampa, who is president of the state association; Mrs. Ezelle B. Kerrigan, supervisor of the association's craft shop in Miami; Mrs. Gretchen Eberhardt, in charge of craft work at Pensacola; L. M. Bristol, former Professor of Society at the University of Florida, who is vice-president of the state group; Mrs. Trigg and many others.

New Water Plan To Reveal State's Beauty

KISSIMMEE—The scenic advantages of the waterways to be constructed under the proposed Florida water conservation and flood control plan, are given too little attention in the opinion of Merrick M. Hill, editor of the Kissimmee Gazette.

While the prime purpose of the plan for which Col. A. B. Jones, resident engineer of the Army in Jacksonville, has been holding a series of hearings, is to protect cattlemen, citrus growers and farmers to Central Florida from extremes of water levels, the 12-foot canals of the plan would give small boats an opportunity to explore virtually unknown jungle territory in Central Florida.

Under the proposed plan, Titusville would be connected with Kissimmee by a canal which would give small boat owners a close-up of the calm, mystic St. Johns marsh. From Ocala would come another canal that would take the

craft through a veritable fairyland of citrus.

A 12-foot channel from Kissimmee through the Kissimmee River Valley would enable marine tourists to return to the days of the Conquistadors. Reedy Creek swamp with its marvelous stand of cypress would be just one stopping point on a cruise through the nation's "last frontier."

Personal

Miss Bette Lou Pickett, daughter of Mr. and Mrs. John T. Pickett, who has been in West Palm Beach for two weeks in the State Road Patrol office, has returned to Pahokee to resume her duties at the local office.

Mrs. J. W. Hooks is visiting relatives in Brunswick and Macon, Ga., this week.

Mrs. Rupert Mock and children are spending several weeks on Ft. Myers Beach.

Wayne Carlton and T. L. Smith of Sebring have purchased the Best In Town Cafe in Pahokee and have opened it for business. They plan to call it Cory Corner Cafe.

The Rev. and Mrs. C. A. Moberg and children, Peggy and Buddy left Monday for Pascagoula, Miss., where he will conduct a 10-day revival meeting at the East Side Baptist Church. Later they will go to North Carolina, Pennsylvania and New York for a six week vacation.

Mr. and Mrs. B. Elliott and children have returned from several weeks vacation at Surf Side cottages.

Capt. and Mrs. Harper Kendrick and daughter Linda will arrive in Pahokee Saturday following his discharge from the U. S. Army at Ft. Mead. Before coming to Pahokee they visited relatives in Nome, Fla., Tallahassee, Gainesville and Orlando. They plan to make their home in Belle Glade.

J. R. Faulk who is in the produce business in South Carolina, will arrive in Pahokee this week for a two-week visit with his wife and daughter in Pahokee.

The Rev. C. T. Howes, pastor of the Pahokee Methodist Church, accompanied by Mrs. Howes and children and T. L. Burns, district steward of the local church, attended the district stewards meeting in Miami Thursday at the Trinity Methodist church where Dr. H. W. Blackburn, district superintendent, presided.

Mrs. Marvin Levins and children have returned to their home in Pahokee after visiting her mother in Ocoee, Fla.

Mr. and Mrs. Vance Denton who returned from their wedding trip this week will leave Saturday for Gainesville where Mr. Denton will resume his studies at the University of Florida.

Dr. and Mrs. R. Sam. Mosley

who returned this week from New York City where he completed a six months course at the Polly Clinic there, are moving to Miami Monday where he will open an office. Dr. Mosley spent 5 years in the U. S. Army. He was in the European Theatre of Operations for several months.

The Rev. C. T. Howes, accompanied by his daughter, Miss Helen Howes spent Tuesday and Wednesday in Key West.

Mr. and Mrs. W. H. May and family will leave this week for several weeks vacation at Ft. Myers Beach.

Mrs. H. F. McCouirk, 81, mother of H. G. McCouirk of Sand Cut, died at her home in Laurel Hill, Florida, on June 20. Burial was made at Clear Springs. Mr. McCouirk has returned to his home in Sand Cut after spending a week at the family home.

Tick Eradication Costs State Total Of \$7,000 Monthly

TALLAHASSEE—State Budget Director Terry C. Lee, recently told the cabinet the work of cattle tick eradication was costing the livestock sanitary board \$7,000 monthly and that the current infestation was not expected to be under control for eight months or a year.

The tick, which made its appearance last December, has been discovered in Highlands, Glades, Okeechobee and Polk counties. It was stamped out and the state declared tick-free in 1944 after a large-scale infestation and the present outbreak is the first since then.

The cabinet authorized the livestock board to draw \$27,000 from its emergency reserve fund to pay salaries of extra employees needed to cope with the infestation. Three thousand dollars was drawn for regular salaries from the board's current funds.

Lee reported the board hopes to add 40 or 50 inspectors "but thinks the federal government will pay them."

Federal and state governments are co-operating in meeting expenses of the cattle dipping program used to combat the tick.

Bitting Investigates 4 Fla. Propositions

MIAMI—Packaging, canning and freezing plants that would help to eliminate glutted vegetable markets in the Everglades, and the packaging of finished Florida beef were foreseen today by Clarence R. Bitting, former president of the United States Sugar Corp., as two possible new developments that would add growth and payrolls to South Florida.

Back in Florida for the first time since his resignation as president of the sugar company last month, Bitting said he was here to investigate four different Florida propositions. He also has had offers from Latin-American and the Far East to set up operations stressing diversification of products, as well as sugar, along the lines which he has followed during the past fifteen years at Clewiston.

Without being able to reveal details at this time, Bitting said one of the Florida propositions entailed operation of large vegetable acreage along with the establishment of plants that would help solve the problem of glutted markets and provide an outlet for products that have passed their peak condition.

With production of high grade beef rising rapidly in Florida, he foresaw possibilities for greatly increased distribution of Florida beef, particularly in the preparation of cuts ready for the table. He pointed to the potentialities inherent in the up-grading of cattle here and the state's ability to provide its own finished feed.

As proof of the great future awaiting South Florida, Bitting listed these six accomplishments of the sugar corporation during his fifteen years as president: a \$3,500,000 increase in working assets; a \$15,000,000 expenditure for buildings, machinery and equipment; over \$4,250,000 disbursed in dividends; over \$4,000,000 paid in taxes to the state and its political subdivisions; more than \$2,500,000 in income taxes, and over \$7,000,000 paid the government in excise taxes.

These accomplishments, he said, were run up in fifteen years, starting with a defunct sugar operation in the Everglades.

"They are an indication of what the future holds for Florida and the Everglades if its true assets are realized on a basis of unselfish

Lions In Regular Meeting On Tuesday

H. O. Earwood of Belle Glade was guest speaker at the weekly luncheon meeting of the Pahokee Lions Club Tuesday at the Lions Hall. He spoke on the formation of a sportsmen's club to include the Glades area. The proposed club to sponsor the following projects to improve fishing and hunting in this section; 1. eradicate hyacinths from the canals to improve game fishing; 2. to regulate fishing in Lake Okeechobee and to have all the old fish traps removed from the Lake; 3. to ask that state lands not be posted but open to hunters; 4. to request that the State fish and game commission restock game and fish in the Everglades. He stated that more fishing and hunting licenses were issued in this part of the state than in any other section and that less was being done to provide good fishing and hunting. He was introduced by Manning I. Keen, program chairman.

C. Steve Brown, city recreational director, announced that the summer day camp activities sponsored by the city started Monday with a good enrollment. He said the morning session from 9:30 to 12:00 is personally supervised but that the afternoon session starting at 2:00 and continuing through 4:30 p. m. is given over to the wishes of the campers with adults to suggest and direct the activity. All children participating in the

swimming session are required to present a written permission signed by parents.

Rupert Mock reported that sufficient funds were on hand to build the proposed swimming pool in the city park and that sand could be obtained for the construction but steel, cement and rock were not available.

Members of the club voted to support E. V. (Sunshine) Brant of St. Petersburg for 3rd vice-president of Lions International.

Edward A. Jensen reported that the bottle neck on the veterans housing project was due to the low selling price on the manufacture of cement blocks in this section passed by a recent OPA ruling.

Stewart Spooner reported that clay for the baseball diamond at the city park has been shipped in and that the committee was calling for volunteer labor to spread the clay and grade the diamond.

Bill Register was welcomed as a new member and John A. Dulany and George C. McLarty were visitors.

Mrs. L. H. Kimball and daughter Miss Zona Gale Kimball accompanied by Jack Carr visited Mrs. Lillian Kimball who is attending summer camp at Montverde, Fla., over the weekend.

Mr. and Mrs. D. L. Hooks and children of Canal Point are expected to return to their home this week after several weeks' vacation spent in the northern states and Canada.

Circle Suspends Summer Sessions

At a dinner meeting of the Simons-Lair circle of the Methodist Woman's Society of Christian Service Monday evening in the social hall of the church members voted to suspend regular meetings of the circle through the months of July and August.

Mrs. J. D. Rogers was named co-chairman of the circle and will be in charge of flowers for the church altar during these months. She will be assisted by Mrs. T. L. Burns, flower fund committee chairman.

The following were named to place flowers on the altar during the month of July: Mrs. G. W. Byrd, first Sunday; Mrs. H. J. Anderson, second Sunday; Mrs. R. J. Simons, third Sunday and Mrs. C. T. Howes, fourth Sunday.

Prior to the meeting a covered dish dinner was served to the following: Mr. and Mrs. Arch Blakey and son Freddie, Mr. and Mrs. I. W. Weeks and son Murray, Mr. and Mrs. R. J. Schroder and son Bobby, Mr. and Mrs. R. F. Hurt and daughters, Anna Lee, Rita Faye, Joyce, Lynn, and Alice Elaine, Mr. and Mrs. J. D. Rogers and children, Laurie, Lucille and John, Mrs. H. J. Anderson and daughter, Miss Margaret Anderson, Mr. and Mrs. T. L. Burns and daughter, Ann Rita, Mrs. D. E. Phillips, and the Rev. and Mrs. C. T. Howes and children Helen, Mary Ann and Daniel.

Card Of Thanks

I take this opportunity to extend my sincere thanks to the many kind folks who have patronized my store at Sand Cut for the years I have operated there. I have sold out to Mr. W. A. Connell but I will continue to live in the same area. Once again, may I say THANKS for the splendid patronage you have given me in the past.

Caught An Alligator Lately? Here's Rule!

Is there a closed season on Alligators?

Yes, there is a closed season on alligators during the months of March, April and May of each and every year. In addition to this, Indian River, Glades, Hardee, Hendry, DeSoto, Monroe, St. Lucie, Okeechobee, Lee, Sarasota, Calhoun, Martin, Palm Beach, Charlotte, Manatee, Broward, Highlands, Dade Counties and Lake Weir, Little Lake Weir and the Oklawaha River in Marion County are closed entirely to the taking of alligators.

Is there a legal length on alligators?

Yes, it would be a violation of

the law to take, sell, transport or have in your possession alligators under four feet in length.

Preacher And Wife Drown In Lake

OKEECHOBEE—A family outing turned into a double tragedy here Saturday when the Rev. and Mrs. Dorris O. Jernigan were drowned while swimming in Lake Okeechobee.

They had gone to the lake with their two children, Glena, 9, and Sammy, 7. The drowning was reported to have occurred when Mrs. Jernigan stepped into a deep hole and her husband attempted to rescue her. The bodies were recovered several hours later.

Funeral services were conducted here Sunday and further services and burial were to be held at Miami. Besides the two children, Mrs. Jernigan is survived by her parents, Mr. and Mrs. Frank D. Adkin of Miami and a sister, Mrs. Florence Upshaw, also of Miami. Her husband's survivors also include his mother and three brothers in Mississippi.

The Rev. Jernigan was a Baptist missionary to the Seminole Indians and prior to coming to Okeechobee about one and a half years ago, was pastor at the Blake Memorial church at Lake Helen, Fla.

Mr. and Mrs. Albert Snyder and daughter, Carol, have returned home after two months at Mt. Dora and Williston. They were accompanied by Misses Louise and Lucile Snyder, daughters of S. W. Snyder of Williston, formerly of Canal Point.

NOTICE

Sealed bids will be received by the City of Pahokee, Florida, at the City Hall until 8:00 p. m., July 23, 1946, for the furnishing of dry chemical feeders for the Pahokee City Water Plant.

JOINS NAVY

Milton Carpenter, son of Mr. and Mrs. O. Dan Carpenter of Pahokee, left Monday for Jacksonville where he enlisted in the U. S. Navy. Mrs. Carpenter received a telegram from him Tuesday saying that he had been accepted and was being transferred to Bainbridge, Md., for his boot training. Milton graduated from the Pahokee High School the first of the month. As student member of the Pahokee Lions Club he was named to represent the local club on the State Lions band. He was also a member of the local High School band.

OPEN HOUSE

Open house will be conducted at the Methodist Parsonage Friday evening from 8:30 to 10:30 introducing the Rev. and Mrs. C. T. Howes and family. The committee in charge of arrangements includes: Mrs. J. M. Elliott, chairman; Mrs. I. M. Lair, Mrs. J. V. Thomas, Mrs. Ralph Stanley, Mrs. I. W. Weeks, Mrs. T. L. Burns, Mrs. H. J. Anderson, Mrs. L. L. Stuckey, Mrs. Arch Blakey, Mrs. R. J. Schroder. Invitations have been issued.

Stanley Smith of the Indian Reservation at Dania will fill the Baptist pulpit in Pahokee Sunday morning and evening. He will teach the Men's Bible class in the morning.

Mrs. Paul Rardin is spending several weeks with her parents, Dr. and Mrs. W. O. Strickland in Glennville, Ga.

Mrs. Harold Rosenberg and children will leave Friday for Charleston, Ill., where they will spend six weeks with her parents, Mr. and Mrs. C. A. Burkett.

Mr. and Mrs. Julian Chandler have gone to Philadelphia, Pa., where Mr. Chandler will receive treatment for his eyes at Temple Hospital.

Mr. and Mrs. Jack Spencer and children are spending two weeks vacation with Mr. Spencer's parents in Lake City.
